

How to obtain Official EID Tags

As part of the USDA 2024 Final Animal Disease Traceability Rule, all official identification tags need to be both visually and electronically readable. This rule only applies to Cattle and Bison 18 months of age and older, sexually intact, and crossing state lines or needing official ID for program disease work. Follow the steps below to obtain EID tags, as well as more information for approved tag manufacturers.

1

Register for Premises Identification Number.

Complete the Premises ID registration form on NDAs website
<https://nda.nebraska.gov/adt/premises.html>

Or call 402-471-2351 option 1

2

Order tags from Manufacturer or Distributor.

Below you can find an approved manufacturer to order EID tags from. You will need to provide your Premises Identification Number when you place your order.

Approved Tag Manufacturers

Allflex USA, Inc
