

# Instructions for Nebraska Department of Agriculture Veterinarian use of eCVI

**Supported Devices:** iPad, iPhone, Android devices, and Windows 10 devices

## Initial Configuration Step #1:

Search and download the free “Mi-Apps” app from the Apple iTunes Store, Google Play store or from the Windows 10 Microsoft Store. The Mi-Apps icon will look like this:

## Initial Configuration Step #2:

Once installed, open “Mi-Apps”. Click on the link “Configure Using a QR Code”.

Tap “Yes” to continue for confirmation message.

Tap “Allow” if the device requests access to the camera.

Use the device camera to scan this QR Code:

Optionally, tap “Change Your Server Settings Here” and update the settings:

- Hostname: **nda.micorp.io**
- Port: 443 & Use SSL
- URL Prefix: MFS
- Customer Name: **NDA**

Tap < **Back** to return to the Welcome login screen

## Initial Configuration Step #3:

Once the QR Code is taken by Mi-Apps, the “Welcome” Sign-In screen will appear with the “vet” user prefilled.

In the Password field, enter “**pass**” (without quotes) and tap “Sign In”.

The “NEBRASKA CVI” form will appear after syncing with the server.

Type **pass**  
here...

The image shows the 'Mi-Corporation Welcome' sign-in screen. It features the 'Mi-Corporation' logo at the top, followed by the word 'Welcome'. Below this, there are two input fields: the first is pre-filled with 'vet' and the second is masked with '.....'. At the bottom of the screen is a blue 'Sign In' button.
