Dear Sir or Miss,

First, I would like to apologize for the former city clerk who did not send in this letter by the deadline. I have only been in this office since July 2024 and was just informed by my clerks group to check your list.

The City of Harvard does not have an ordinance for food vehicles. We do not have a need for one.

If you need any other information, please feel free to get in contact with me at (402) 772-7101.

Sincerely,

Bev Abbas
