- Motiv (motivshrimp.com)

Cargill Branded Feed creates proprietary feed ingredients to improve digestive health and performance for production animals in the beef, dairy, and aquaculture markets. Branded Feed uses unique logistic partnerships and systems to ship over 3 million tons of proprietary feed and feed ingredients to the largest beef feedyards and dairies in the U.S. as well as aquaculture feed manufacturers in 17 countries. The aquaculture brands include Empyreal 75, a corn protein concentrate for salmon and marine species, and Motiv, a corn-based bioactive protein ingredient for shrimp diets.
