Our mission is to coordinate and facilitate agricultural promotion and development activities. Through these activities, our goal is to support and promote the buying, selling, and development of Nebraska agricultural products.

The Nebraska Department of Agriculture (NDA) promotes Nebraska’s livestock industry at many state, regional, and national events. The list includes: National Western Stock Show, National Cattlemen’s Beef Association Annual Convention and Trade Show, Nebraska State Fair, Nebraska Cattlemen’s Classic, and many state commodity association conventions, state breed association annual meetings or tours, and other special events. Through these activities, NDA has received many requests for more information and purchases of Nebraska livestock and agricultural products.

The information listed in this brochure was taken from "profile forms" submitted by operation managers/owners who agreed to be listed in this Nebraska Cattle Feeders Directory. The information compiled in this directory is published solely as a convenience. The listing of any firm in the publication does not constitute an official endorsement by the State of Nebraska, nor does it assign any preference to the exclusion of any others not listed. While every effort has been made to maintain accuracy and completeness, omissions and errors may occur. Readers are urged to notify NDA of any inaccuracies. If you would like to be included in the next printing of this brochure, please contact us.

FEEDLOT LISTINGS
(example listing)

Feedyard Name: Nebraska's Capitol Beef
Contact: Mr. John Smith, manager
Address: 55 A Rd Lee, NE 55555
County: Lancaster County
Phone: 402-555-5555
Cell: 402-555-5554
Fax: 402-555-5556
E-mail: johnsmith@capitolbeef.com
Web site: www.smithcapitolbeef.xxx.com

Capacity: 5,000 (one-time capacity for feedyard)
Sources: MT 10%, NE 50%; SD 40% (states where feeder cattle originate)
Financing: Yes (feedyard does offer financing options to customers)
Feed, Cattle (financing is available on feed and cattle)
Feeding Options: Purchase cattle, retain ownership (feeding agreement options)
Feedstuffs: HMC, WDG, dry hay and forage (major feeds used)
Marketing: Live/Cash, Dressed (marketing options the feedyard most often participate)
Value Added: Source and Age Data, QSA, Natural Feed Program (Value-Added Programs offered by the feedyard)

Capitol Beef started in 1975 as a 2,000 head yard and has expanded to the current capacity. Staff and management have extensive feeding experience. Clean pens average size 100 head, Located within 100 miles of three major packing plants.

Located 25 miles north of I-80 at exit 425, then 3 miles west.

Term index:

WDG  Wet distiller grains
DDG  Dry distiller grains
MDG  Modified distiller grains
DCGF  Dry Corn Distiller Grains
CGF  Corn Gluten Feed
HMC  High Moisture Corn
RC  Rolled Corn
PVP  Process Verified Program
NHTC  Non-Hormone Treated Cattle
QSA  Quality System Assessment
Definitions of Value Added Programs:

Source and Age Data
Feddyard is actively maintaining Source and Age Data for traceability and record keeping. Does not indicate that the feedyard is verified for Source and Age Data and audited by a third-party; however, feedyard is maintaining Source and Age Data for domestic marketability such as branded beef programs.

QSA - Quality System Assessment
This USDA QSA program provides suppliers the opportunity to specify product requirements and a documented quality management system. The focus of this program is primarily source and age verification. QSA program requires third party auditing twice a year.

PVP – Process Verified Program
This USDA program provides suppliers with the opportunity to be able to make marketing claims associated with their process verified points – these include age, source, feeding practices, or other raising and processing claims – and market themselves as “USDA Process Verified”. Programs approved for PVP are also approved to use the “USDA Process Verified Shield.” Cattle in a PVP program are eligible for additional marketing options. PVP requires third party auditing once per year.

NHTC - The Non-Hormone Treated Cattle Program
The Non-Hormone Treated Cattle (NHTC), USDA program has been in effect since 1989, when the European Union (EU) and the U.S. agreed to control measures to facilitate the trade of non-hormone treated bovine meat.

There are three principal components of the NHTC program:

1. Cattle are to be grown in approved farms/feedlots and delivered to the slaughter establishment with shipping documentation that includes the statement "Cattle Meet EV Program Requirements for the EU" and clearly identifies the animals and the quantity.
2. Non-Hormone treated cattle and beef are segregated at the slaughter establishment and handled in a fashion that ensures that they are not commingled with other animals or meat.
3. Tissue samples from non-hormone treated cattle are collected at slaughter and
analyzed in order for FSIS to provide export certification for this product.

Natural Feed Management Program
USDA currently defines “natural” as a product containing no artificial ingredient or added color and is only minimally processed (a process which does not fundamentally alter the raw product). The label must explain the use of the term natural (such as - no added colorings or artificial ingredients; minimally processed.) Therefore, cattle fed in a natural management feed program will be done so to meet this USDA definition or other program or product claims. Examples might be never-ever use of antibiotics, no growth hormones or no artificial ingredients, or livestock consuming only an all-natural diet.

Marketing: Grid/Formula, Dressed
Value Added: Source and Age, QSA, PVP
Family owned and run feedyard. Consulting nutritionist is the top of the industry. Consulting vet is very progressive. Yard is well maintained and pens are all well drained. Yard is located in close proximity of five ethanol plants and three major and two regional packers. The owners have run the yard for over 25 years. We offer corn and by-product contracting. Because of our location, our cost of gain is very reasonable compared to other feedyards.

**Feller & Co.**
Tom or Jordan Feller

Company was started in 1980 by Gary Ruskamp with son Doug coming on a few years later. Feedyard is located 2 miles north of Dodge, NE on blacktop road. Yard consists of 40 to 200 head pens which are open for summer heat and protected with cornstalk bales in winter. All pens have mounds for drainage. Excellent crew plus consultant and vet on call 24/7. Processing done inside building with scale on chute. Bedding used in pens in adverse weather. Trucks available to haul cattle and feedstuffs. Modern feed mill and feeding equipment.

36 years of feedlot experience. 20 years in management, 18 years in operation of my business. I specialize in calves with micro-
management techniques that maximize profitability. I’m a working manager/owner of a family run feedlot. I have a Bachelor of Science degree in Ag Econ from UNL. My son is also a graduate of UNL with a Bachelor degree in Animal Science. Urwiler Feeder, Inc. was established in 2000 after I spent 12 years managing a large feedlot. I wanted to have a smaller feedlot in order to better care for the cattle.

1964 6th Road, Wisner, NE. From Primestop truck stop in Wisner: 1.5 miles north, east side of the road.

Company started in 2014. Been feeding cattle and farming for 20+ years. New yards built in 2014 and expansion in 2016. New enclosed working facility, cattle shades and misters, new lagoon and debris basins. Also do construction for new feedyards including dirt moving and fence installation From the Schuyler exit on Hwy 30 go north 6 miles on Hwy 15 and it is on the west side of the highway.
When I got back from Vietnam in 1969 my father was in the process of expanding our feedlot. My father had our first irrigation well and pivot irrigation system the years before. The summer of 1969 two concrete silos were constructed. In the late 1970s I built two harvestors which have been torn down. In 2006 we were permitted for 2500 head, one time capacity by DEQ. My four sons and I are still feeding cattle.

Originally founded by Ray Baxter in 1935, T&E Cattle Company continues nearly 80 years later as a closely held and operated family business owned entirely by the five members of the Baxter family. Presently under the guidance of the third generation, Greg Baxter, the operations of T&E Cattle Company are diversified, including cattle
feeding, farming, and ranching with cow/calf pairs. We have a capacity of 20,000 head and continue to feed cattle for ourselves as well as other people from all over the United States as well as Canada. We employ around 25 people full time and are involved in the back grounding of calves, finishing cattle in the feedyard facilities for slaughter as well as operating a cow/calf herd, producing calves to come into the feedyard facilities each year.
