

# 60-day Exemption From Licensing Request Form

Nebraska Department of Agriculture

NDA Use Only
NEB
EXP:

The Nebraska Pesticide Act allows a person a once-in-a-lifetime, 60-day period of time during which they can apply pesticides without a license. The 60-day exemption from licensing allows a properly trained person a window of time to fulfill their licensing requirements (Nebraska Department of Agriculture (NDA) exams and payment of licensing fees).

To be eligible for the 60-day exemption from licensing, an individual must have a supervisor, licensed in the correct category(ies), who will provide training. Training must be conducted prior to applications of pesticides, and must be documented on a Verification of Training Form ([http://www.nda.nebraska.gov/pesticide/training\\_verification.pdf](http://www.nda.nebraska.gov/pesticide/training_verification.pdf)) to be retained by the supervisor.

Training shall include: pesticide label information, use of protective equipment, and proper application techniques.

Applicators that have had a commercial, non-commercial, or private license at any time are NOT eligible for a 60-day exemption from licensing.

To formally request the 60-day exemption from licensing, complete and submit this form to NDA. **Requests must be submitted within 10 days of making one's first pesticide application.**

**PLEASE PRINT ALL INFORMATION**
