**NEBRASKA DEPARTMENT OF AGRICULTURE TO ASSIST IN IDENTIFYING
LIVESTOCK PRODUCER NEEDS AND RESPONSE**

LINCOLN – With the raging wildfires across the state, the Nebraska Department of Agriculture (NDA) is concentrating efforts on assisting our farm and ranch families and their livestock.

Producers that have been impacted by the wildfire and need hay, feedstuffs, fencing materials, volunteer help, equipment, etc. should call the Nebraska Department of Agriculture at 1-800-831-0550 or fill out the form at <https://bit.ly/ndadonationrequests>. Be prepared to share your name, contact information, address, what assistance you are seeking.

Nebraska has been overwhelmed with the outpouring of support for our producers. If you have hay, feed, fencing materials, equipment, household supplies, etc. that you are willing to donate, please contact the Nebraska Department of Agriculture at 1-800-831-0550 or fill out the form at: <https://bit.ly/ndadonationsupplies>. Be prepared to share your name, contact information and what you have that you are willing to donate and the amount, along with your location.

NDA staff will be gathering this information and sharing a Disaster Relief Information Sheet on our social media platforms as well as on our website. The information will be updated frequently as long as needed.

A list of disaster relief resources for Nebraska farmers and ranchers is also available online at: <https://nda.nebraska.gov/disasterresources>. This website includes links to United States Department of Agriculture (USDA) Farm Service Agency (FSA) programs including the Livestock Indemnity Program.
